# <u>Sixth 100</u>

It doesn't matter	Heart and mind	In two months	
Pay the bill.	I sat on the eggs.	The tree root	
I can't do it.	The fast train	My parents raised me.	
A region of Europe	It made the difference.	Shall we go?	
The farmers are ready	We picked fruit.	I broke the record.	
Anything can happen.	In the distance	A million flowers	
Two syllables	A simple story	Six months ago	
I love to dance.	Go the distance.	It was the third strike.	
Members of the class	Train your mind.	Whether or not	
Dance is exercise	The blue sky	He discovered a cure.	
The window is square	A good cause	Gone with the wind	
The cells divided.	The main difference	He held her hand tightly.	
I suddenly felt ill.	Race past the sign.	Describe your brother.	
The bright moon	It kept my interest.	Blue paint	
The center of the earth	Sign your name here.	The town square	
In my direction	A wild race	The full moon	
The test was hard.	She finished first.	I believe in you.	
Perhaps we should.	A beautiful present	It probably will happen.	
Drop the ball.	The glass window	Anything you want	
I wish it were summer.	He developed a rash.	Keep your interest high	
It's cold in winter.	My oldest brother	What's the difference?	
The answer is a sum.	A written paragraph	A beautiful summer day	
Sit on the wall.	The length of the car	Full of energy	
I'll probably return.	A good reason	Drive to the west.	
A lot of energy	Meet me here.	Lay on your side.	
My teacher is happy	The weather instruments	The forest in the west	
I believe you.	Beside the wild river	My arms and legs	
The general is in charge.	A good job	I love the flowers.	
Math is a hard subject.	The sharp edge	Rain may cause a flood.	
The store sells paint.	The soft clothes	I represent my family.	
Too soon.	So there you are.	Almost four miles
