

Word Chains

A word chain provides a structure which **allows students to explore relationships among the words, understand how they can be used, and remember their meanings.**

This requires higher-level thinking, so teachers need to model this strategy with the whole class before asking them to do it independently.

Week 1

map
mad
sad
sat
sit
pit
pat
pad

Week 2

fit
bit
bat
bad
had
hat
hot
hit
